

Overview

This folder contains supplemental materials related to the QUEST-RL framework and evaluation study.

Contents

1. QUEST-RL Framework

- ASKs.pdf – Spreadsheet containing all ASK questions.
- Context Questions.pdf – Spreadsheet containing all context questions.

2. Task Descriptions

- UC1 Traffic Signal Task Description.pdf – Description of the task given to participants for UC1 (Traffic Signal Task).
- UC2 Dynamic Terrain Walking Task Description.pdf – Description of the task given to participants for UC2 (Dynamic Terrain Walking Task).

3. Requirements Folder The "Requirements" folder contains individual directories for each participant. Each directory includes the following files:

- System Requirements – The participant's original (baseline) requirements.
- Requirements Delta – The generated requirements, with additions (not found in the baseline) highlighted in green.
